Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Miramar has been an entitlement grantee of federal funds since 2000, receiving a total of more than $13,200,000 dollars from the Community Development Block Grant (CDBG) program to date. Since 1998, the City has received substantial funds from the State Housing Initiative Partnership Program (SHIP), and beginning in 2004 has been receiving funds from the Home Investment Partnership (HOME) program, as a participating member of the Broward County HOME Consortium.

For the program year beginning October 1, 2018, the City of Miramar anticipates receiving $809,895. All proposed activities’ budgets have been increased or decreased from the estimated funding levels to match the actual allocation amount of $809,895. In order for the City to receive this allocation of funding from HUD, the City must prepare and adopt a Consolidated Plan and One-Year Action Plan. The Consolidated Plan is a five-year strategic document that outlines an entitlement community’s housing and community development priorities and objectives for carrying out HUD Programs. The One-Year Action Plan includes the budget and action steps to meet the objectives of the Consolidated Plan. The City is expected to carry out a wide range of community development activities directed toward maintaining the City’s affordable housing stock, sustaining neighborhoods, providing improved community facilities and public services, and promoting economic development.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

To address community needs the city has identified specific Goals, Objectives and Strategies for the next five years. The Goals, Objectives and Strategies are based on the input and the data received through the citizen participation and consultation process. City staff in conjunction with their consultants were able to identify the needs of its residents and then reinforce and utilize the institutional structures in place throughout the City, County and State to meet those needs. The City’s priority Goals and Objectives include maintaining the City’s Affordable Stock, promoting Economic Development, providing Public Supportive Services and improving the City’s Public Facilities and Infrastructure.

In 2016, over 28% (11,617) of all of Miramar households—owners and renters—were considered severely cost-burdened, spending at least half of their monthly household income on housing costs.
10,868 households in Miramar were considered cost burdened, spending between 30 to 50% of household income on housing costs and 19,103 households or over 46% are in housing that is considered affordable. According to the Florida Housing Data Clearinghouse, almost 54% or 22,485 households were considered either cost burdened or severely cost burdened.

3. **Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Federal and State funding sources have aided the City of Miramar in achieving priority housing and community development goals. From July 1, 1998 to March 2018, the City has assisted approximately 520 low and moderate income households with minor home repairs and just over 100 individuals and families to purchase homes. The City has also utilized CDBG funds to acquire three buses for its Senior Transportation program and provides ongoing support for the City’s Youth and Family Outreach center which targets households at or below poverty. The senior transportation program has made over 200,000 trips and the City’s outreach center has provided referral services to over 5,000 households.

Other priority projects undertaken by the City with CDBG funding include assisting over 100 low to moderate income households connect to new sewer lines and enhancing the facade of 15 commercial buildings in the City's low/mod area. These projects are coordinated by the City’s Community & Economic Development Department with the assistance of Social Services, Public Works, Utilities, Construction & Facilities Management, Finance Department and other outside agencies.

In 2008, the City was allocated $9.3 million from the Neighborhood Stabilization Program (NSP) which is a component of the CDBG program. NSP, a national program, was awarded to certain grantees to address the high presence of foreclosures in the community due to the severe housing market decline. NSP made a few exceptions to the CDBG program, one allowing federal funds to assist households at 120% of the area median income and the other requiring that a minimum of 25% of the funding be set-aside for households at 50% of the area median income or less.

The same year, as part of national economic recovery efforts, the City also received Community Development Block Grant – Recovery (CDBG-R) funding for projects to promote economic recovery and job creation and retention. The City received $209,000 which it utilized to provide additional home repair assistance to eligible owner-occupied low-to-moderate income households.

- **Residential Rehabilitation** - Provides home repair funding to low and moderate income homeowners. $518,132.75- Expended on the rehabilitation of 12 (4 CDBG, 6 SHIP, 2 HOME) housing units (PY16).
- **Commercial Rehabilitation** - Commercial facade rehabilitation and/or code compliance improvements to commercial establishments located in areas of low and moderate income concentration. 15 Businesses have been assisted.
• Micro-Enterprise - Provides job creation/retention for small businesses. 14 Businesses have completed the program receiving approximately $140,000 in assistance. One business is currently receiving assistance.

1. Introduction

As part of the 2015-2019 Consolidated Plan, agency providers in Broward County were consulted with to gain a better understanding of what services they provide to Miramar residents. Agencies were asked to describe what services, if any, are provided to the key target groups addressed in the Consolidated Plan. The needs assessment of the Consolidated Plan incorporates the findings from the consultation.

The City of Miramar is a member of the Broward County Continuum of Care (CoC) and is part of the year round local planning effort and network to alleviate homelessness in Broward County. The City participates in quarterly meetings that are held to obtain input from local municipalities. In March 2017, the Broward County Homeless Initiative Partnership, which staffs the CoC efforts, released data to the City for the 2017 Point-In-Time Count.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Table 7 – Project Information
Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Funds are allocated annually to priority housing, community, and economic development needs and activities as identified through the City’s 2015-2019 consolidated planning process and consultation with the City’s 2013-2017 Capital Improvement Plan, and other planning and community redevelopment documents prepared by the City.

The City of Miramar’s housing and community service activities and projects will be conducted on a City-wide basis, benefiting low and moderate income residents directly. CDBG funded area-wide benefit activities will occur in Miramar’s CDBG Target Neighborhoods within the City.

1. Direct Benefit Activities

Direct benefit activities will receive high priority for funding. Direct benefit occurs when the residents/persons directly receive the benefit of the CDBG assistance. Public service, housing rehabilitation, purchase assistance projects are direct benefit type activities. Eligible project proposals that directly benefit low/moderate income residents of the City of Miramar will be highly considered for funding. These types of projects can be Citywide since the low/mod benefit test is on an individual or household basis.

2. Geographical Impact of Funds

Projects that geographically impact low/mod areas will also be considered for funding. For example, Indirect benefits from public infrastructure improvements. These projects should directly impact areas where at least 51% of the residents earn 80% or less of the AMI.

3. Consistency with the City’s Consolidated Plan

All housing projects must be consistent with the City’s needs and priorities as presented in the City of Miramar’s Consolidated Plan. Actions that may impede affordable housing will make a project ineligible to receive CDBG funds.

4. Timely Implementation of Projects

During the funding allocation process, multi-year projects should receive commitments for funding at the beginning or as close thereto through completion, without unnecessary annual reviews, unless there is significant change in the cost or scope of work or services.

5. Interrelationship of Activities
Special consideration will be given to projects or activities that are interrelated and/or complement other public or private sector resources. Priority will be given to projects or activities that are coordinated with other public or private improvements in close proximity that maximize the impact of the City’s CDBG funds.

6. Leveraging Funds

Special consideration for funding will be given to projects that interface with additional public and/or private sector funds. This encourages the expenditure of block grant funds on projects that can receive matching funds.

7. Sequence of Phasing

Basic infrastructure improvements (such as water and sanitary sewer systems) should be constructed before above ground street improvements are recommended. This policy will assist in avoiding the unnecessary and wasteful cost of damaging new street improvements to install the water and sewer systems at a later time.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The city of Miramar has taken steps to remove regulatory barriers to affordable housing and every 3 years incentives recommended by City's Affordable Housing Advisory Committee (AHAC) are reviewed and approved by the City Commission.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

One of the major obstacles the City of Miramar faces in meeting its housing and community development goals and objectives is funding and market conditions. In trying to mitigate the impacts of the global economic downturn, the City has been assessing its programs more frequently and improving specific strategies to address those needs. The City has implemented new programs such as acquisition under the Neighborhood Stabilization Program (NSP) to address foreclosure properties in the City.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The following section identifies other actions that will be undertaken during the 2018 program year.

Actions planned to address obstacles to meeting underserved needs

One of the major obstacles the City of Miramar faces in meeting its housing and community development goals and objectives is funding and market conditions. In trying to mitigate the impacts of the global economic downturn, the City has been assessing its programs more frequently and improving specific strategies to address those needs.

The City will continue to provide housing rehabilitation programs for low to moderate income persons, including elderly and disabled households. Additionally, the City of Miramar is adjusting the amount available for down payment/closing cost assistance and minor home repair to participants.

Actions planned to foster and maintain affordable housing

The City of Miramar’s Community & Economic Development Department serves as the lead agency responsible for implementing the City of Miramar’s 2018 Action Plan and CDBG program in general. This effort will be coordinated with the Social Services, Public Works, Utilities, Construction & Facilities Management and Finance departments.

These departments administer and implement the City’s various community planning, housing, development and public service programs. The City will also collaborate with outside agencies, including but not limited to the Broward County Continuum of Care and local housing authorities. The City contracts with a private firm, Community Redevelopment Associates of Florida, Inc. to administer and monitor its housing and community development programs for compliance with federal and state regulations.

These entities are also inclusive in the development of the 2015-2019 Consolidated Plan and subsequent action plans. The City will continue to promote partnerships and develop ways to streamline and efficiently provide services to the community.

Actions planned to reduce lead-based paint hazards

Participant property owners are notified of the hazards of lead-based paint and of the symptoms associated with lead-based contamination. The City further prohibits the use of lead-based paint in any federally funded construction or rehabilitation project.

The City shall either perform paint testing on the painted surfaces to be disturbed or replaced during

Annual Action Plan
2018
rehabilitation activities, or presume that all these painted surfaces are coated with lead-based paint.

**Actions planned to reduce the number of poverty-level families**

The City of Miramar’s economic development/anti-poverty strategy is to foster growth and job creation for the City’s broad cross-section of resident income levels, including very low-income households. The City’s anti-poverty strategy is to increase job training, employment readiness skills and educational opportunities for low-income households, and match employment openings with the local workforce.

The City’s anti-poverty strategy will assist small business development through activities such as commercial rehabilitation, job incentive programs, technical assistance and business planning and marketing directed towards job creation.

**Actions planned to develop institutional structure**

The City of Miramar has competitively procured professional services for planning, administration and implementation of its Community Development Block Grant (CDBG) program, State Housing Initiative Partnership (SHIP) program, HOME Investment Partnership (HOME) program, Neighborhood Stabilization Program (NSP) and related programs.

The consultant will have the primary responsibility of overseeing the implementation of the strategies defined in the 2018-2019 Action Plan. The consultant will also be responsible for maintaining and improving the institutional structure necessary to carry out the City’s Consolidated Plan.

As part of the planning process, a list of the area’s private industries (businesses), non-profit organizations and public institutions were identified as resources that may be available to assist with carrying out the strategies indicated in the Consolidated Plan. The different entities will be utilized, as necessary for various housing, community and economic development strategies and other priority needs.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The City of Miramar’s Community & Economic Development Department serves as the lead agency responsible for implementing the City of Miramar’s 2018-2019 Action Plan and CDBG program in general. This effort will be coordinated with the Community Services, Public Works, Utilities, Construction & Facilities Management and Finance departments.

These departments administer and implement the City’s various community planning, housing, development and public service programs. The City will also collaborate with outside agencies, including but not limited to the Broward County Continuum of Care and local housing authorities. The City contracts with a private firm to administer and monitor its housing and community development programs.

Action Plan 2018-2019
**Section I – Introduction:**

The City of Miramar is an Entitlement Recipient of Federal funds from the United States Department of Housing and Urban Development (HUD). The goal of HUD community planning and development programs is to develop viable urban communities by providing decent housing and a suitable living environment, and to expand economic opportunities principally for low and moderate income individuals and families. To meet this goal, HUD requires Entitlement Recipients to prepare a Consolidated Plan, which is a five (5) year strategy with incremental one-year action plans, whereby a community establishes a unified vision for community development actions. The Consolidated Plan provides the City of Miramar an opportunity to strengthen partnerships among various levels of government and private for-profit and not-for-profit organizations to shape an effective, coordinated, neighborhood and community development strategy.

The Consolidated Plan serves several functions including:

- A long and short-term planning document for the City of Miramar, which builds on a participatory process at the grassroots level:

- An application for Federal funds;

- A strategy to be followed in carrying out HUD programs; and

- An annual action plan that provides a basis for assessing and monitoring program performance.

The following Programs are governed by, and administered under the Consolidated Plan: The Community Development Block Grant (CDBG) Program, the Home Investments Partnership (HOME) Program, the Emergency Shelter Grant (ESG) Program, and the Housing Opportunities for Persons with AIDS (HOPWA) Program. CDBG Entitlement Recipients may also apply for and receive Section 108 Guaranteed Loan Funds.

Although the City of Miramar currently qualifies for funding only under the CDBG Program, the City’s Consolidated Plan and Citizen Participation Plan are intended to cover all eligible programs listed above, should the City qualify for those programs in the future.

The staff of the Community & Economic Development Department of the City of Miramar is responsible for the planning, preparation and submission of the Consolidated Plan for Federal funds, as well as the incremental action plans, and necessary amendments thereto. The Citizen Participation Plan has been developed in compliance with Federal regulations 24 CFR Part 91 Subpart B, Citizen Participation and Consultation.
Section II – Purpose of the Citizen Participation Plan:

As a recipient of Federal funds, the City of Miramar is required to adopt and implement a Citizen Participation Plan that sets forth the City’s policies and procedures for citizen participation in developing the Consolidated Plan and incremental action plans, any substantial amendments to such plans, and for developing the Consolidated Annual Performance Report.

It is the City’s goal to ensure effective citizen involvement in an advisory role in the planning, implementation, and assessment of the programs covered by the Consolidated Plan. The City of Miramar encourages citizen involvement with particular emphasis on participation by low and moderate income persons, particularly those residents living in blighted areas and/or areas targeted for CDBG assistance. In addition, the City of Miramar hopes to increase governmental responsiveness through the provision of information and technical assistance to all citizens interested in community development and related programs.

All aspects of the citizen participation process shall be conducted in an open manner, with freedom of access for all interested persons. Citizens will be provided with timely access to community meetings, public hearings, grant documents, copies of the Consolidated Plan and all One-Year Action Plans, and the Consolidated Annual Performance Report, in accordance with the Federal regulations at 24 CFR Part 91.

Prior to adoption of a Consolidated Plan and/or One-Year Action Plan, the City of Miramar will make information available to residents, public agencies, and other interested parties, in a manner that describes the amount of Federal assistance that the City is expected to receive (including entitlement grants and program income), and the range of activities that may be undertaken, including the estimated amount that will benefit low and moderate income persons.

The City of Miramar encourages the participation of all of its citizens, including minorities and non-English speaking persons, as well as persons with disabilities. The City will take appropriate actions to encourage such participation at all stages of the Consolidated Planning process. This may include, but is not limited to, publication of materials, notices, or other records in an additional language (if determined necessary by the City of Miramar). Further, the City will ensure that hearing, sight, and mobility impaired persons have full and timely access.

Section III – The Consolidated Plan Consultation Process:

The consultation process will include, but is not limited to the following:

1) Public Hearings:

Every year, the City of Miramar shall hold at least two (2) public hearings on the Consolidated Plan and/or One-Year Action Plan, and any amendments thereto. The purpose of these hearings is to ascertain community needs, obtain citizen input, and to respond to proposals and
questions. One of the two public hearings will be held prior to developing the draft of the Consolidated Plan (Pre-Development Public Hearing), and shall include a discussion of past program performance. A subsequent public hearing will be held after a draft of the Consolidated Plan has been developed and made available for public comment (Pre-Adoption Public Hearing). Additionally, the Plan will be published for citizen comment, prior to adoption by the City of Miramar, in the manner prescribed in this plan.

a) Location:

These public hearings will be held at times and places which are convenient to potential and actual beneficiaries, and which can accommodate persons with disabilities. It is contemplated that meetings and/or hearings will be held in the City Commission Chambers, City Hall, 2300 Civic Center Way or the Civic Center, 6920 SW 35 Street, whichever location is most appropriate. Non-English speaking residents will be accommodated with translation services if a significant number (greater than 50%) of the participants are expected to attend.

b) Hearing Notices:

Notice of all Public Hearings will be published at least seven (7) days prior to the hearing, in a non-legal section (i.e. display advertisement) of at least one newspaper(s) of general circulation. If deemed necessary by the City of Miramar, the hearing notice may also be published in a non-English newspaper. When appropriate, the City may send hearing notices to interested parties, including but not limited to residents of low and moderate income areas, and organizations representing neighborhoods, homeowners and local businesses.

2) Community Meetings:

In addition to the two (2) public hearings to be held on the Consolidated Plan and/or One-Year Action Plan (one at the pre-development state and one after the plan is drafted, but prior to adoption), the City of Miramar may desire to hold additional public meetings or town forums to discuss the Consolidated Plan contents, goals and objectives, and program performance. Such meetings are at the discretion of the City of Miramar. Notices of community meetings will be provided through host organizations representing neighborhoods, homeowners or local businesses or through publication of notices in general circulation newspapers, whichever is most appropriate.

3) Inter-Jurisdictional and Inter-Agency Consultation:

a) Housing and Social Service Agencies

When preparing the Consolidated Plan, the City of Miramar shall consult with other public and private agencies that provide health services, assisted housing, and social services including those focusing on services to children, elderly persons, persons with disabilities, and other special needs populations.
b) Local Governments:

When preparing the description of the non-housing community development needs, the City of Miramar will notify adjacent local governments, to the extent practical, and will submit a copy of the draft of the Consolidated Plan to Broward County Community Development Division and the neighboring cities of Hollywood and Pembroke Pines, for review and comment.

The City of Miramar will also consult with local government agencies with metropolitan-wide planning responsibilities, particularly for problems and solutions that go beyond a single jurisdiction.

c) Housing Authorities and Public/Assisted Housing Residents:

Currently, there is no public housing and public assisted housing units located within the City of Miramar. However, the City of Miramar will consult with the Broward County and City of Hollywood public housing agencies, which participate in the Comprehensive Grant Program, concerning consideration of public housing needs and planned activities while developing the Consolidated Plan.

The Broward County and City of Hollywood housing authorities will be provided with information about the City’s proposed use of CDBG funds that may affect the residents of any public or assisted housing development, so that the information can be shared with interested residents at the annual public hearing held on the Comprehensive Grant Program.

If and when any public and assisted housing development locates within the City of Miramar the City will encourage the participation of residents of public and assisted housing developments, along with other low and moderate income residents of targeted revitalization areas in which the housing developments are located.

d) Housing Opportunities for Persons With AIDS (HOPWA):

Broward County, as the largest local government entity, is required to prepare the Housing Opportunities for Persons With AIDS (HOPWA) Grant application, and must develop a metropolitan-wide strategy for addressing the needs of affected and infected persons and their families living throughout the entire County. To the extent practical, the City of Miramar will collaborate with the County in this process.

e) Lead-Based Paint:

When preparing the portion of the Plan concerning lead-based paint hazards, the City of Miramar will consult with applicable State or local health and child welfare agencies and
examine existing data related to lead-based paint hazards and poisonings, including health department data on the number and location of housing units in which children have been identified as lead poisoned.

4) Oral Interviews and Written Comments:

Input will also be gathered by interviews with the Mayor and City Commission, the City Manager, Department Directors and applicable City Staff, service providers, community leaders, persons attending the various public meetings and hearings, and written comments from citizens and interested groups received throughout the planning process.

Section IV – Citizen Review and Comment on the Plan:

In order to encourage citizen participation in all phases of the development of the Plan, the following actions will be taken:

1) Publication of the Plan:

Prior to adoption of the Consolidated Plan and/or the One-Year Action Plan, the City of Miramar will make available a draft copy of the plan to the public, which will include the amount of Federal assistance (including grant funds and projected program income) that the City expects to receive, and the range of activities to be undertaken, including the amount that will benefit low and moderate income persons.

A copy of the draft plan will be made available for review at the Office of the City Clerk, located at the Miramar City Hall, 2300 Civic Center Way, for a 30-day period, prior to adoption by the City Commission. A reasonable number of copies will be made available, at no charge, at the Community & Economic Development Department located at 2300 Civic Center Way, 2nd Floor. The draft plan will also be posted on the City of Miramar’s website (www.ci.miramar.fl.us) for review and comment through the use of the Internet.

Additionally, a summary of the Plan will be published as a display ad in a newspaper of general circulation in a manner that will afford citizens the opportunity to provide written comments for the 30-day period prior to adoption. This summary will describe the contents and purpose of the Plan. Persons needing special assistance in examining these documents should notify the Community & Economic Development Department at (954) 602-3265.

2) Citizen Comments on the Plan:
The City of Miramar encourages citizens to be involved at all stages of the Consolidated Plan, particularly at the pre-development hearing, and the final public hearing held by the City Commission prior to adoption of the Plan.

The City of Miramar will consider any citizen comments received in writing or orally at public meetings or public hearings, when preparing the Consolidated Plan. A summary of these views, and a summary of any views or comments not accepted and the reasons therefore, shall be attached to the Consolidated Plan.

Section V – Adoption of the Consolidated Plan:

Following the citizen participation and consultation process outlined in this Citizen Participation Plan, the Consolidated Plan will be adopted by a formal resolution of the Miramar City Commission. Copies of the adopted plan and authorizing resolution will be made available to interested residents and citizens at the Office of the City Clerk, located in City Hall and the Community & Economic Development Department.

Section VI – Submission of Plans/Program Start Date:

The City of Miramar has selected October 1st as the start date for the Federal programs covered under the Consolidated Plan. Thus, October 1st through September 30th will be the designated Program Year for all Federal grants received from HUD. Based on this start date, the Consolidated Plan and/or One-Year Action Plan, will be submitted to the U.S. Department HUD on or before August 16th of each year, consistent with the HUD regulations at 24 CFR 91.15, which requires that the City’s Plan be submitted 45 days in advance of the start of the Program Year.

Section VII – Amendments to the Consolidated Plan:

The City of Miramar will provide citizens with a reasonable opportunity to comment on substantial amendments to the Consolidated Plan, as follows:

1) Publication:

A summary of any proposed substantial amendment to the Consolidated Plan will be published in a newspaper of general circulation in a manner that will afford citizens the opportunity to provide written comments for a 30-day period prior to adoption. Copies of the proposed amendment will be made available for review at the Office of the City Clerk, located in City Hall and in the Community & Economic Development Department at the City Hall Annex, and posted on the City of Miramar’s website.

2) Criteria for Substantial Amendments to the Plan:
The City of Miramar shall amend its Consolidated Plan whenever it makes one of the following determinations:

a) To make a change in its priorities;

b) To change the method of distributing funds;

c) To carry out an activity not previously described in the One-Year Action Plan (i.e. add a new activity);

d) To delete an activity that was previously described in the One-Year Action Plan;

e) To change the purpose, scope, location or number and types of persons benefiting from an activity; and

f) To increase or decrease the budget of any individual project or activity by 25%.

3) Citizen Comments to be Considered:

The City of Miramar will consider any comments received in writing or orally at public hearings (if applicable), in preparing the Substantial Amendment to the Consolidated Plan. A summary of these views, and a summary of any views or comments not accepted and the reasons therefore, shall be attached to the substantial amendment.

4) Adoption and Submission to HUD:

All substantial amendments to the Consolidated Plan will be adopted by formal resolution by the Miramar City Commission. Any person requiring auxiliary aids and services at this City Commission meeting may contact the City Clerk’s Office (954) 602-3011 at least 48 hours prior to the meeting.

The City of Miramar will also provide reasonable technical assistance to groups, representative of low and moderate income persons that request assistance in developing proposals for funding assistance under any of the programs covered by the Plan, in a manner determined by the Community & Economic Development Department to be reasonable and appropriate.

Citizens desiring technical assistance should contact the Community & Economic Development Department at (954) 602-3265, sufficiently in advance of the date that the service is needed, e.g. one week in advance of a meeting or public hearing, if audio visual or slide presentation equipment is needed. Persons requiring assistance in developing written proposals or responses to Request for Proposals (RFP) are encouraged to contact the Community & Economic Development Department well in advance, e.g. 30 days prior to the applicable deadline.

**Section X – Administration of Grant Program(s):**

The staff of the Community & Economic Development Department of the City of Miramar is responsible for the planning, preparation and submission of a Consolidated Plan for Federal

The City will comply with other such applicable administrative caps as may be imposed by the Federal government, on other related HUD program grants.

**Section XI – Assessing Annual Performance:**

Evaluating program performance against previously established milestones is an important part of administering Federal grant programs. In order to ensure programmatic compliance and fiscal integrity, the City of Miramar will take the following actions:

1) **Monitor Program Progress:**

The City’s Consolidated Plan will describe the standards and procedures that the City of Miramar will utilize to monitor activities carried out in furtherance of the Consolidated Plan, and will use such standards to ensure long-term compliance with the requirements of the program(s) involved. It is anticipated that the Community & Economic Development Department will oversee such monitoring and evaluation.

2) **Consolidated Annual Performance Report:**

HUD requires that each jurisdiction that has an approved Consolidated Plan, annually review and report to the U.S. Department of HUD on the progress it has made in carrying out its Five-Year Strategic Plan and One-Year Action Plan, in a form prescribed by HUD. This report will be submitted to HUD within 90 days after the close of the program year.

The Consolidated Annual Performance Report must include a description of the resources made available, the investment of available resources, the geographic distribution and location of investments, the families and persons assisted, including racial and ethnic status of persons assisted, actions taken to affirmatively further fair housing, and other actions indicated in the Five-Year Strategic Plan and the One-Year Action Plan.

The report shall also include an evaluation of the City’s progress in meeting its specific objective of providing affordable housing, including the number and type of families served.

Once the Consolidated Annual Performance Report has been drafted, the City of Miramar will advertise its availability in a newspaper of general circulation, and will afford citizens a 15-day review/comment period. Copies of the Consolidated Annual Performance Report will be available to the public at the Office of the City Clerk, located in City Hall and in the
Community & Economic Development Department at the City Hall Annex, and posted on the City of Miramar’s website.

Citizens are encouraged to participate in the development of the Consolidated Annual Performance Report. A summary of the written comments received will be appended to the Consolidated Annual Performance Report when submitted to HUD.

Section XII – Anti-Displacement and Relocation Plan:

The City of Miramar, as a part of its Consolidated Plan, will prepare and publish an Anti-Displacement and Relocation Plan (ADRP) which describes those actions that the City will take to minimize displacement of its residents and businesses in carrying out the Plan. The ADRP will also prescribe the type and amount of benefits that will be made available if such displacement and relocation occurs.

It is the City’s goal to minimize all such displacement when developing its long-term and short-term goals and objectives and annual priorities for the use of the Federal funds.

Section XIII – Response to Citizen Complaints:

Any citizen may file a complaint with the Community & Economic Development Department at (954) 602-3265, concerning the Consolidated Plan, the One-Year Action Plan, Consolidated Annual Performance Report, and/or general performance of the programs covered under such plan or report.

When written complaints are received, the Community & Economic Development Department will provide a substantive written response within 15 working days, when possible.

Citizen comments and proposals submitted in response to the 30-day public comment period for the Consolidated Plan and/or One-Year will be given consideration, and the plan may be modified, if deemed necessary by the City Commission. A summary of all comments received will be appended to the plan.

Section XIV – Compliance with Sunshine Law Requirements:

All meetings of any board or commission of a municipal corporation at which official acts are to be taken are declared public meetings and open to the public at all times, and no rule or resolution or formal action shall be considered binding except as may be taken at such meeting.

The “Open Meeting Law” applies to all boards and committees, whether advisory or not. Any meeting at which two appointed or elected public officials from any board or committee discuss items, on which they may foresee having to vote, must be public.
A public body must avoid secret meetings, or gatherings from which the public and the press are excluded, such as a meeting preceding an official meeting, even though ostensibly for social purposes. No votes may be taken by secret ballot, and minutes must be taken of every meeting.

Sanctions or penalties for non-compliance are:

a) Members of the public body may be guilty of a second-degree misdemeanor, which carries penalties of imprisonment not to exceed 60 days and a fine not to exceed $500 or both.

Specific Community Development Block Grant Certifications

The State certifies that:

Citizen Participation -- It is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §91.115 and each unit of general local government that receives assistance from the State is following a detailed citizen participation plan that satisfies the requirements of 24 CFR §570.486.

Consultation with Local Governments --

1. It has consulted with affected units of local government in the nonentitlement area of the State in determining the method of distribution of funding;

2. It engages in or will engage in planning for community development activities;

3. It provides or will provide technical assistance to units of local government in connection with community development programs; and

4. It will not refuse to distribute funds to any unit of general local government on the basis of the particular eligible activity selected by the unit of general local government to meet its community development needs, except that a State is not prevented from establishing priorities in distributing funding on the basis of the activities selected.

Local Needs Identification -- It will require each unit of general local government to be funded to identify its community development and housing needs, including the needs of low-income and moderate-income families, and the activities to be undertaken to meet these needs.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.

2. Overall Benefit. In the aggregate, not less than 70 percent of the CDBG funds, including Section 108 guaranteed loans, received by the State during the following fiscal year(s):

   2018-2019 [a period designated by the State of one, two, or three specific consecutive fiscal year(s)] will be used for activities that benefit persons of low and moderate income.
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG Funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It will require units of general local government that receive CDBG funds to certify that they have adopted and are enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Compliance with Laws** -- It will comply with applicable laws.
