The HMII3 Project Team is managing the Historic Miramar Infrastructure Improvements Project Phase 3 (HMII3). The intent of this project is to update the 1950’s era water mains and enhance fire protection. It will also provide sanitary sewer service that will allow property owners to abandon their septic tank once connected to the new sewer system, and improve storm water drainage in your neighborhood.

We encourage you to contact the dedicated HMII3 customer service response team at hmii3@adamsconsulting.biz or 954-998-3146 with questions or for additional information.

What’s Taking Place in your Neighborhood?

- Roadway Restoration - *(Light Blue)* preparation for the construction of sidewalks and curbs on SW 25th Street from SW 64th Avenue to SW 66th Avenue
