B. Purpose of the program:
- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership:
The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: The City of Miramar does not maintain a Waiting List.

The following priorities for funding described/listed here apply to all strategies unless otherwise stated: Applicants will be ranked for assistance based on a first-qualified, first-served basis with priorities for Special Needs, Essential Services Personnel and then income groups.

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or familial status in the award application
process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

| U.S. Treasury Department | X |
| Local HFA Numbers |

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.
Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

c. Income Categories to be served: Very low, low
d. Maximum award: $90,000. Projects under $5,000 will be granted and will not require the signing or recordation of the program’s mortgage and note.
e. Terms
1. Repayment loan/deferred loan/grant: Funds will be awarded as a deferred payment loan secured by a recorded subordinate mortgage and note.
2. Interest Rate: 0%
3. Years in loan term: 15 years
4. Forgiveness: The loan is forgivable in its entirety at the end of fifteen (15) years from the recordation date of mortgage and note. **Special Needs Owner-Occupied Households: Assistance is in the form of a 10 year, 0% interest deferred loan, forgiven at 10% each year.**
5. Repayment: None required as long as loan is in good standing.
6. The Loan will be determined to be in default if any of the following occurs during the Loan term: sale transfer, or conveyance of property, conversion to a rental property, loss of homestead exemption status, or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

In the event of default where there is failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership, the City may foreclose to recover funds made available for assistance which is secured by mortgage and note on the property.

f. Recipient Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-served basis with priorities for Special Needs, Essential Services Personnel and then income groups as described in section I. (i) of this plan.

Property must be owner occupied. Verification of ownership, income, homeowners insurance, flood insurance (if required) and payment of property taxes will be conducted to determine eligibility. A warranty deed, or quit claim deed will be utilized to verify ownership and primary residences should maintain homestead exemption. Life Estates also qualify. Hazard and flood insurance should be in place at time of award and be maintained as long as first and/or second mortgage remains on property. This will be checked and documented annually by the City. If a property is not required to have flood insurance then the file will be documented that flood insurance is not required. In the event property is not insured and there is a documented hardship (job loss, divorce, medical issues) prohibiting the household from maintaining insurance and repairs are needed to eliminate substandard, code, health and safety issue, the Community & Economic Development Director has the authority to waive requirements, as long as project is not leveraged with Federal funds, where flood insurance is required.

Hardship is defined as:
1) Condition of property makes it uninsurable
Or
2) At time of application household had no insurance and housing insurance expenses exceed 50% of a fixed income household.

g. Sponsor Selection Criteria: N/A

h. Additional Information: The home must be located within the City limits. In the event of a disaster, declared by Executive Order by the President or Governor and disaster mitigation funds are no longer available, this program will assist with disaster related repairs as well. For home repair activities, the program is not designed to remodel, upgrade homes with purely cosmetic repairs or replace working appliances because owner wants to upgrade.

The City’s current subordination policy, found on the City’s website under Housing and Community Development, shall apply for any refinance transactions.
Housing units that have a pending foreclosure (Lis Pendens) from a mortgage company or homeowners/condo association cannot be assisted until resolved. Properties with a lien from the homeowners/condo association also will not be assisted until resolved. Households undergoing a loan
modification will not be assisted until the modification is completed and a new mortgage acceptable to the program is provided.

City’s HOME Investment Partnership program shall be administered in accordance with the City’s Local Housing Assistance Plan (LHAP). The City shall comply with HOME Rules and Regulations governing the project and City’s Program including, but not limited to the following:

- All rehabilitation shall be in compliance with applicable local codes and the Florida Building Code in accordance with 24 CFR part 92.251, Property Standards.

   The City is a recipient of Federal Neighborhood Stabilization Program (NSP) funds. The City will utilize NSP funds for purchase assistance activities of foreclosed properties until exhausted. The terms of the NSP program are more restrictive than the City’s regular SHIP program. Chapter 67-37.007 (12) F.A.C provides that “any units receiving assistance from SHIP and other federal, State or local programs shall be required to comply with any requirements specified by the other program in addition to SHIP Program requirements.

   In the event both programs have restrictions on the same issue, the more restrictive regulation shall take precedence. If one program is silent on an issue, the program with a regulation on the issue shall apply.

**f. Recipient Selection Criteria:** Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services personnel and then income groups described in section I. (I) of this plan.

Residents displaced from mobile home parks seeking to purchase a non-mobile home unit will also be considered first-time homebuyers.

   Applicants must not own any other property used for residential purposes, and the home to be purchased must be located within the City limits. Applicants have the option to use the mortgage programs offered by the mortgage providers in the City’s Lenders Consortium or a Lender of their own choosing that meets the terms of the programs underwriting criteria.

Funds may be leveraged with Broward County, HOME, CDBG or other purchase assistance related activities. In the case where bond or County assistance is being provided in conjunction with the City’s SHIP funds, the City will take no less than third position in the transaction.

   The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as a primary residence. If any of these occur, the outstanding balance will be due and payable.

   In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

   In the event of default where there is failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership, the City may foreclose to recover funds made available for assistance which is secured by mortgage and note on the property.

   This is a one-time assistance program and homeowners may not re-apply for this assistance, but may apply for assistance such as home repair/improvements if there is equity in property.

f. Recipient Selection Criteria: Eligible applicants will be selected from a national or state disaster registry on a first-qualified and first-served basis, within income groups. Eligibility will be performed on an expedited basis and may include alternative forms of documentation, such as current pay stubs and benefit letters, as well as oral verification of employment wages, other income, and assets.

   Applicants will be assisted on a first-qualified, first-served basis with the following additional requirements:
   1. Must provide proof of homeowner’s insurance
   2. Must file for and use proceeds from insurance as first option

  g. Sponsor/Sub-recipient Selection Criteria: N/A

  h. Additional Information: Funds will not be allocated to this strategy except in the case of federal or state disaster. SHIP funds may leverage other federal and/or state emergency programs. The expenditure of funds must be eligible activities as permitted by SHIP statute, rule and/or emergency rule as published by the Florida Housing Finance Corporation.
The Corporation may disburse funds for disaster relief as provided in Section 420.9073(2)(b), F.S. Local governments may use unencumbered SHIP funds to carry out activities of disaster relief. Recipients of SHIP funds under a local government’s disaster strategy shall be required to verify income by executing a Disaster Self Certification of Income Form (08/04), hereby adopted and incorporated by reference with an effective date of 1-30-05 or a local government’s form that requires the same information. Pay check stubs and other forms of proof are required, if available. Other documentation required for SHIP income qualification may be waived if unavailable. The county or eligible municipality shall make every effort reasonable to insure that the recipients of SHIP funds are income qualified.

5. Repayment: In the case of sale or transfer of the property, the borrower will be required to repay the original amount given as assistance and the City will share in the equity earned by the borrower according to the following schedule:

   a. Up to 3 years—100% of the equity generated is paid to the City.
   b. 3-20 years—On the 3rd year, City receives 85% of the City’s pro rata share of the equity generated and borrower receives 15%. Thereafter, the borrower receives additional 5% of the City’s prorated share per year reducing the City’s share by the same percentage.
   c. Year 20 and above: The borrower receives 100% of the equity.

The above equity sharing proposal will terminate in foreclosure; however, the City will require lenders to provide a right of first refusal to purchase the loan at a negotiated price. In the case of foreclosure, the City will recapture any amount of net proceeds from the sale of the property available.

6. Eligible expenses will include construction hard costs and soft costs necessary to rehabilitate or construct the project. This includes cost of land, cost to acquire structure and land, demolition cost, professional service fees such as environmental phase 1, engineering, survey, appraisal, architectural and interest buy downs.

Also allowed are infrastructure directly related to the project, including streets, roadways, parking, sidewalks, pathways, storm drainage, water, sewer and sanitary systems, sewer connections, hydrants, meters, utilities and utility easements for telephone, cable, electric lines, and right-of-ways and other acceptable fees.

3. Years in loan term: For a period not to exceed 30 years

4. Forgiveness: This loan will not be prorated and will be forgiven at the end of the 30 year term.

5. Repayment: None required as long as loan is in good standing.

6. Default: The loan will be determined to be in default if any of the following occurs: sale, transfer or conveyance of the property; conversion to another use; failure to maintain standards for compliance as required by any of the funding sources. If any of these occur without the prior written consent from the City, the outstanding balance will be due and payable. Default terms, as described in this section, will also be included in the mortgage and promissory note securing property.

f. Recipient Selection Criteria: For rehabilitated and new construction rental units assistance will be provided on a first qualified, first served basis. Priority will be given to 1. very low income households, 2. special needs 3. essential service personnel, 4. elderly. However, program will be open to all SHIP eligible applicants to create inclusive rental communities.

g. Sponsor Selection Criteria: The Request for Proposals and competitive procurement process will be utilized to select a sponsor to implement these projects. Characteristics in determining the sponsor may include, but

Similarly, any units receiving assistance from SHIP and other Federal, State or local programs shall be required to comply with any requirements specified by the other program in addition to SHIP program requirements. In the event both programs have restrictions on the same issue, the more restrictive regulation shall take precedence. If one program is silent on an issue, the program with a regulation on the issue shall apply. All other regulatory requirements will be enforced.

Funds may be used as a match for U.S. Department of Housing and Urban Development’s HOME program and various other programs offered by the federal government and the State of Florida to develop affordable housing.

Eligible expenses will include construction hard costs and soft costs necessary to rehabilitate or construct the project. This includes cost of land, cost to acquire structure and land, demolition cost, professional service fees such as environmental phase 1, engineering, survey, appraisal, architectural, and interest buy downs.

Also allowed are infrastructure directly related to the project, including streets, roadways, parking, sidewalks, pathways, storm drainage, water, sewer and sanitary systems, sewer connections, hydrants, meters, utilities and utility easements for telephone, cable, electric lines, and right-of-ways and other acceptable fees.

For rental projects where units for households with incomes at 140% area median or less are greater than 50% of total units being constructed or rehabilitated, assistance will be in the form of a deferred loan. The City encourages mixed-use developments. All other projects, not meeting this criterion may be subject to the low-interest loan.

The City, Eligible Sponsor or appointed designee, shall annually monitor and determine tenant eligibility throughout the 15 compliance period. For those developments that the Florida Housing Finance Corporation or Federal Program such as Section 202 provides the same or stricter monitoring and determination, the City may rely on such monitoring and determination of tenant eligibility.

Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this strategy must give a first right of refusal to eligible nonprofit organizations for purchase at the
current market value for continued occupancy by eligible persons. Maximum monthly rent limits will be those established annually by HUD and distributed by FHFC.

The City of Miramar will establish maximum monthly allowances for utilities and services and will review and approve rents proposed by the owner for units subject to the maximum rent limitations.

The owner cannot refuse to lease SHIP assisted units to a certificate of voucher holder under 24 CFR part 982, Section 8 Tenant-Based Assistance: Unified Rule for Tenant-Based Assistance under the Section 8 Rental Certificate Program and the Section 8 Rental Voucher Program.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Section 420.9071(16), F.S.

Permits as defined in s. 163.3164(7) and (8) for affordable housing projects are expedited to a greater degree than other projects. This also includes a process to expedite inspections. The City utilizes an expedited inspection process for affordable housing projects in the City. For the purpose of this incentive, “Development Approvals” is used instead of “Development Orders”.

1. Provide a description of the procedures used to implement this strategy:

Pursuant to the City’s adoption of expedited permitting for affordable housing, contractors participating in the City’s Minor Home Repair program and other housing rehabilitation programs will have permit fees waived.

All contractors for the housing rehabilitation program are provided the opportunity to submit the final contract with homeowner, including scope of work, to City’s Consultant to be stamped for expedited permit processing. The stamp identifies the job as eligible for the expedited permitting process when it is submitted to the City’s Building Division to apply for permits.

Developers who are constructing affordable housing, units priced to accommodate the affordability of very low (<50% AMI), low (51%-80% AMI) and moderate (81%-120% AMI) incomes, and have some form of public financing assisting the proposed affordable housing project, are also eligible for expedited permitting.

The staff of the Community and Economic Development Department may identify eligible projects during the plan review process and make the expedited permitting available.

2. Established policy and procedures—Expedited Inspection:

Pursuant to the City’s adoption of the expedited inspections, projects determined to be eligible
that have received expedited permitting will also receive expedited inspections. All shall be
documented

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that
increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

Each January, programs will be reviewed to determine effectiveness of strategies to ensure timely
expenditure of funds.

1. Established Policy and Procedures: Provide Description

It is recommended that as part of the public participation process, the City Commission must
consider the impacts of policies, procedures, ordinances, regulations or plan revision that
significantly increase the cost of housing.

In addition to the above, it is recommended that the following steps be incorporated into the
current agenda review process.

A presentation will be made to Department Directors and DRC members to discuss the types of
items that could affect the affordability of housing so they may identify them early in the
agenda review process.

According to the current guidelines on the agenda item process, the agenda item’s author is
responsible for ensuring that all necessary staff members, committees, boards, etc. have been
involved prior to making a recommendation for or against the item. It is at this step that the
agenda author should determine if the item may have an impact on housing costs, and
recommend appropriate action.

The Agenda Review meeting should serve as the last opportunity in the review process to
identify items that may affect the affordability of housing prior to their consideration by the
City Commission.

Once an item has been identified as having a potential impact, an analysis must be done to
determine the impact, if any and how it can be mitigated. This analysis should be done by the
department that generated the agenda item with subsequent review by the Community &
Economic Development Department Director and consultant if an impact is expected.

The determination should be indicated on the agenda cover form and/or in staff memorandum
that the proposed item may add to the cost of housing, provide an estimate additional cost per
housing unit, and possible ways to mitigate the impact of the legislation. This will serve to
formally document the review process.

C. Other Incentive Strategies Adopted:
Name of Strategy: Modification of Impact-Fee Requirements Subject to City Commission
approval of proposed amendments to the City’s Land Development Code, the City will
modify impact fee requirements.
1. **Established Policy and Procedures: Provide Description**

Both the Future Land Use Element (Policy 10.2) and Housing Element (Policy 1.8) of the City’s Comprehensive Plan state that a waiver, reduction, and/or modification of impact fees (and others) should exist in support of affordable housing.

There are three types of fees that would affect a proposed affordable housing project: development application fees (Community & Economic Development Department); building permits fees (Building Division; and impact fees (water, sewer, fire, police, and recreation).

The authority to modify or waive any of the three types of fees varies; however, the City Commission can waive Building Permit fees through its development approval powers.

2. **Name of Strategy: Allowance of Flexibility in Densities for Affordable Housing**

Subject to City Commission approval of proposed amendments to the City’s Land Development Code, the City may provide for the allowance of flexibility in densities for affordable housing. The City provides guidelines for flexibility in the zoning criteria to increase density for affordable housing.

**Established Policy and Procedures: Provide Description**

The Housing Element (Policy 6.3.c) of the City’s Comprehensive Plan states: “Ensure residential land is available on the Future Land Use Map at adequate densities for five (5) to fifteen (15) dwelling units per acre to support affordable housing development.”

In May 2006, Broward County adopted a new policy to its Land Use Plan providing for affordable housing density bonuses that all cities in the County can use regardless of whether the provisions are incorporated into their local land use elements.

The City’s Future Land Use Map includes residential densities ranging from 5 dwelling units per acre to 25 dwelling units for acre. These densities exist city-wide and account for 60% of the total acreage with residential land use category.

In the event that there is a desire to add additional land within these densities, the City would have to adopt a land use plan amendment.

Beyond the land use plan map, the City has adopted zoning regulations that help support this incentive: a Traditional Neighborhood Design (TND) district and the State Road 7/U.S. 441 overlay zoning and the Transit Oriented Corridor District. All of these are examples of form-based zoning that are intended to promote compact, mixed use development through the use of flexible design standards and guidelines. The Mirabella development is zoned TND and had some affordable units that expired after 5 years of initial ownership.

3. **Name of Strategy: Allowance of Flexible Lot Configurations**

Subject to City Commission approval, the City may provide for the allowance of flexible lot configurations for affordable housing.
Established Policy and Procedures: Provide Description

Historically, flexible configurations were provided through the City’s Planned Unit Developments (PUDs) such as Huntington, Bluegrass Lakes, Renaissance, and Silver Lakes; however, PUD zoning no longer exists. Under current zoning, most of the residential zoning districts provide for regular configurations, except for the RS-7 district, which allows zero lot line development (found in the Monarch Lakes, Nautica, and Silver Shores developments). The City’s variance process is also available, but the hardship test is currently not financially-based and is traditionally not a basis for granting a variance.

The City’s Traditional Neighborhood Development District (TND) and State Road 7 Overlay District are examples from form-based zoning that are intended to promote compact, mixed use development through the use of flexible design standards and guidelines. The Mirabella development is zoned TND and had some affordable units that expired after 5 years of initial ownership. It’s anticipated that the RS-7, TND, and SR 7 Overlay districts will remain in effect and available for use as relates to this incentive. Various PUDs and developments containing RS-7 zoning as well as individual setback variances for room additions to existing homes have been granted.

The Miramar Town Center is zoned TND and has the potential to include affordable units in its development mix. Also, the Transit Oriented Corridor Zoning District (TOCD) is the City’s newest form-based zoning that, like the TND and SR-7 overlay districts, provides for development flexibility.

4. Name of Strategy: Modifications of Street Requirements for Affordable Housing

For affordable housing projects, the City of Miramar may entertain on a case-by-case basis modifications or variance requests to the existing code for street requirements.

There is no existing policy on this incentive. The City’s TND zoning district contains street design standards that are different from the City’s normal standards because of the intent to create compact development. This could have an effect on housing affordability (e.g., Mirabella development). For affordable housing projects, on a case-by-case basis, modifications or variance requests to the existing code for street requirements will be reviewed.

Like the TND zoning district, the Transit Oriented Corridor Zoning District (TOCD) contains street design standards that differ from the City’s normal requirements for the same reason. Note also that reduced width streets using swales for drainage requires diligent maintenance.

5. Name of Strategy: Preparation of Printed Inventory of Locally Owned Public Lands Suitable for Affordable Housing.

The City has implemented this strategy as its State requirement to maintain a printed inventory of locally owned public lands suitable for affordable housing.

Established Policy and Procedure: Provide Description

All City-owned properties have been mapped. This inventory map will be maintained and updated as required.
City-owned properties consist of parks, open space, roads, utility areas and facilities, and municipal facilities. With the exception of 2 undeveloped future parks sites totaling 34 acres, these properties are not available and/or are unsuitable for affordable housing. Very limited potential for this incentive.

6. Name of Strategy: Support of Development Near Transportation Hubs and Major Employment Centers and Mixed-Use Development

The City supports development near transportation hubs and major employment centers and mixed use development and implements this strategy in accordance with existing policies.

Established Policy and Procedure: Provide Description
The Future land Use (Objective 4) and Transportation Elements (Policy 1.8) of the City’s Comprehensive Plan establish that the City coordinates land uses with the transportation system.

The City’s Traditional Neighborhood Development District (TND) and State Road 7 Overlay District are examples of form-based zoning that are intended to promote compact, mixed use development through the use of flexible design standards and guidelines.

The Mirabella development is zoned TND and had some affordable units that expired after 5 years of initial ownership. The City’s Town Center development is also a TND and is a transportation hub for the City’s bus routes.

The City has adopted a Transit Oriented Corridor (TOC) land use category along and near the State Road 7/U.S. 441 corridor that will specifically provide for higher density, mixed use development along the County’s busiest bus route.

The Transit Oriented Corridor Zoning District (TOCD) has been adopted to implement the TOC land use, reinforcing the City’s efforts to achieve this objective.
