SECTION 1: INTRODUCTION

Miramar Property/Business Owner:
This opportunity is available to all owners and tenants (with owner approval) of developed commercial properties located in the Program Target Area (see map).

How it works:
Federal government money, provided directly to the City, funds this program to help commercial property owners who are located in the Program Target Area supplement the cost of improving the condition of their properties. For eligible projects (see program requirements & guidelines), the City is able to provide technical and financial assistance for the activities associated with the program.

Getting started:
To begin, we encourage you to read the following program information to gain a fuller understanding of participation. When you are ready, please contact the City’s Economic & Business Development Department at the phone number listed above to arrange an appointment with a City staff member to discuss program details and your specific needs.

Thank you for your interest and we look forward to assisting you.

COMMERCIAL REHABILITATION PROGRAM
SMALL SCALE PROJECT

SECTION 3: PROGRAM REQUIREMENTS & GUIDELINES

A. Eligibility

- Location: the project must be located within the Program Target Area (see map).
- The owner of the property must be the applicant or provide written approval for a tenant to apply.
- Covered Improvements (*New construction does not qualify*). Per 24 CFR 570.202(a)(3), “rehabilitation of privately owned and commercial or industrial buildings is limited to improvements to the exterior of the building and correction of code violations”.

<table>
<thead>
<tr>
<th>Covered Component</th>
<th>Action Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pressure Cleaning/Painting</td>
<td></td>
</tr>
<tr>
<td>Awnings</td>
<td>Install new or replace</td>
</tr>
<tr>
<td>Doors</td>
<td>Install new or replace</td>
</tr>
<tr>
<td>Signs</td>
<td>Install new or replace</td>
</tr>
<tr>
<td>Windows</td>
<td>Install new or replace</td>
</tr>
<tr>
<td>Shutters</td>
<td>Install new or replace</td>
</tr>
</tbody>
</table>

- The project must receive approval by the director of the Economic & Business Development Department or designee.
- The applicant must comply with all Federal Rules and Regulations, City of Miramar ordinances and Florida Building Code requirements.

B. Funding

- The dollar limitation for a single project is $20,000. The City will provide up to 75% of total improvement costs. Applicants are required to provide matching funds as follows:

<table>
<thead>
<tr>
<th>Cost of Project</th>
<th>Matching Funds-Applicant</th>
</tr>
</thead>
<tbody>
<tr>
<td>$5,000 and below</td>
<td>Grant (No Match Required)</td>
</tr>
<tr>
<td>$5,001 to $20,000</td>
<td>25%</td>
</tr>
</tbody>
</table>

- The applicant’s matching funds are disbursed first; the City’s funds second.
COMMERCIAL REHABILITATION PROGRAM  
SMALL SCALE PROJECT

- Projects up to $5,000 will be a grant. Projects over $5,000 will be subject to a property lien for a 5 year period with a 20% write-down per year.

- For approved projects, a Letter of Agreement (LOA) between the City and applicant will be executed to commit City funding.

- Requests for payments must be submitted as work scope items are completed, received final City inspections and verified with original invoices by the company or companies that performed the work.

- During the term thereof and for a period of five (5) years following the date of the payments made hereunder, the City shall have the right to review and audit the related records of the applicant pertaining to any payments by the City.

SECTION 4: FIVE STEP PROCESS

Step 1: Project Application

Submittal
An appointment must be made with staff of the Economic & Business Development Department in order to submit an application. At this time, program details and your specific needs/proposed improvements are discussed. There may be a need to conduct a site visit to review the proposed improvements. Once the proposed scope of work is established and an application is complete, staff will accept the application fee of $108 ($100 + 8% surcharge) and create a record in the city’s system.

City Action
The Director of the Community and Economic Development Department or designee approves all project applications.

Step 2: Contractor Selection

1. City staff notifies the contractors pool that has been established for the program of the project and opportunity to bid on the job.

2. Interested contractors will be invited to a mandatory on-site meeting with city staff and the applicant to review the proposed work scope and address any questions.
3. The City will issue an invitation to bid (ITB) for the contractors who attended the on-site meeting. Bids submitted to the City by the ITB deadline will be considered. The contractor receiving the bid award will be notified by the City and provided instructions on next steps.

**Step 3: Building Permit(s)**
The selected contractor is responsible for submitting all necessary building permit applications to the City for completion of the work scope. City building permit fees will be waived.

**Step 4: Improvement(s)**
Requests for payments must be submitted as work scope items are completed, received final City inspections and verified with original invoices by the company or companies that performed the work. In the case of projects that include an applicant’s match, the match is disbursed first; the City’s funds are disbursed second.

**Step 5: Project Completion/Close Out**
The project will be considered completed when the contractor has obtained a final inspection by the Building Division and payment of the final invoice, indicating the applicant’s approval of the work.
