

# MIRAMAR WALL OF HONOR

## REQUIREMENTS FOR CONSIDERATION

### CONTRIBUTION

Must meet **ONE** of the following requirements:

- Must have made a significant contribution to the City of Miramar. Contributions may include significant volunteer service to the City in any area of City operations, i.e., volunteering in any organization that directly benefits the City, such as a civic group, sports groups, school activities, or any operation within the City government. The volunteer hours may be accrued over a period of years or may be limited in scope to one specific time frame and/or one project. The significance of the volunteering must include a recognizable contribution to the City, including contributions by City employees, elected officials, businesses or individuals.
- Must have made a significant contribution to another United States governmental entity. Contributions made by Miramar residents, either current or past, that benefit other governmental entities will also be eligible. This can consist of volunteering in any organization that directly benefits a government entity, such as a civic group, sports groups, school activities, or any operation within the United States government. The volunteer hours may be accrued over a period of years or may be limited in scope to one specific time frame and/or one project. Nominees may include contributions by government employees who go beyond their job requirements, elected officials, businesses or individuals.
- Must have received a significant honor or award for his/her contribution(s). This award or honor must be made by an officially recognized body.
- Must have made a significant contribution to society. This contribution must be nationally or locally recognized.

### RECOMMENDED AREAS OF CONTRIBUTION

- **Academic:**
  - Either through academic excellence or significant contributions to either the education of children or adults. These areas must be officially recognized. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects.
- **Civic:**
  - Any area of civic contribution, except activities which are political in nature. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects.

- **Social:**

- Any area of contribution benefiting the health and welfare or social well-being of the community. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects.

- **Cultural:**

- In the area of cultural contributions and the arts and humanities. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects.

- **Athletic:**

- Any area of athletic contribution, either as an athlete or supporter of athletic activities. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects.

- **Environmental:**

- Any area of environmental contribution which promotes the local or global environment. This should be within the City of Miramar; however, activities outside of the City may be considered if the contribution has far reaching effects
